Dodge City Trail of Fame Commemorative Revolver

Ruger New Vaquero Single Action Pistol in .45 Long Colt with 5 1/2 inch barrel and beautiful white grips (the original black imitation Ruger gutta percha grips are included).

The gun is especially prepared by Baron Technology's custom shop in Trumbull, Connecticut as one of a limited edition of 50. It features a beautiful deep blue finish with 24 carat gold accents and lettering. A gold trim ring is around the barrel end and the rear of the cylinder. Each side of the barrel identifies the pistol as a Dodge City Trail of Fame commemorative. Tied to the Old West City of Dodge City, KS both sides of the top strap display "Historic Dodge City KS." The special edition numbering appears at the top of the back strap below the hammer. The back strap invites you to "Walk Where Wyatt Walked" and "Check Your Guns" on the butt strap. Around the cylinder are the names of some of the most historically and mythically famous and infamous denizens of Historic Old Dodge

City including Wyatt Earp, Bat Masterson, Doc Holliday and Matt Dillon.

Purchase of one of these special

commemoratives includes a glass topped, walnut display case lined with red velvet. Also included is a Ruger hardshell case with safety cylinder lock, Ruger documentation and the required test fire casing.

This is an actual working firearm and requires transfer through a licensed federal firearm (FFL) dealer. If you need help locating an FFL near you we will assist you.
